

Access Your Medical Records

View or Share Your Visit Notes

The Patient Portal allows you to access your medical records, including completed visit documentation from your doctor.

The following instructions will guide you through how to locate these records within the App.

1. Once you have activated your Patient portal you can download APPatient on Your Smart Phone by going to the App store and searching for APPatient.

2. Once logged in to APPatient, select **Appointments** from the main navigation bar.

3. Select Past Appointments.

4. Tap the visit you would like to View.

5. You can view your Appointment Details here. To open the visit note, select **View Visit Note**.

6. From Appointment Details, you have the options to view, share, or download your medical records.
